

Blue Options is a Preferred Provider Organization (PPO) that offers employees the freedom to receive care from any provider – in- or out-of-network. When traveling across the country or around the world, employees will have access to participating doctors and hospitals via the BlueCard® program.<sup>1</sup>

Blue Options was designed to meet the varied needs of employers and employees. Our PPO offering is grounded in local market expertise, deep data and strong provider relationships to drive meaningful, sustainable change.

**Our statewide network includes more than 98% of all hospitals and 95% of all doctors,<sup>2</sup> along with over 1.8 million providers nationwide.<sup>3</sup>**
