IMPORTANT LEGAL NOTICES SPECIAL ENROLLMENT

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and the dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption or foster care, except when adding a dependent child will not change your coverage type or premiums that are owed, or within 60 days after the loss of Medicaid or Children's Health Insurance Program (CHIP) eligibility for you and your dependents.

COVERAGE OF PRE-EXISTING CONDITIONS

This plan imposes a pre-existing condition exclusion. This means that if you have a medical condition before coming to our plan, you might have to wait a certain period of time before the plan will provide coverage for that condition. This exclusion applies only to conditions for which medical advice, diagnosis, care, or treatment was recommended or received within a six-month period. Generally, this six-month period ends the day before your coverage becomes effective. However, if you were in a waiting period for coverage, the six-month period ends on the day before the waiting period begins. The pre-existing condition exclusion does not apply to pregnancy nor to children added as a result of a court order, or to a child who is enrolled in the plan within 30 days of birth, adoption, or placement for adoption or foster care. Eligible children (newborns, adoptive children and foster children) are not subject to this exclusion period when enrolled more than 30 days after one of the events listed above if your coverage type or the premiums owed are not affected by adding the child. When applicable, this exclusion may last up to 12 months from your first day of coverage, or, if you were in a waiting period, from the first day of your waiting period. However, you can reduce the length of this exclusion period by the number of days of your prior "creditable coverage".

Most prior health coverage is creditable coverage and can be used to reduce the pre-existing condition exclusion if you have not experienced a break in coverage of at least 63 days. To reduce the 12-month exclusion period by your creditable coverage, you should give us a copy of any certificates of creditable coverage you have. If you do not have a certificate, but you do have prior health coverage, we will help you obtain one from your prior plan or issuer. There are also other ways that you can show you have creditable coverage. Please contact Blue Cross and Blue Shield of North Carolina if you need help demonstrating creditable coverage.
