Introduction: This booklet provides a list of Experience Health Medicare Advantage's (HMO) network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Experience Health Medicare Advantage's formulary.

When this pharmacy directory refers to "we," "us", or "our," it means Blue Cross and Blue Shield of North Carolina (Blue Cross NC). When it refers to "plan" or "our plan," it means Experience Health Medicare Advantage.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan enrollees. In most cases, your prescriptions are covered under our plan only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 06/01/2026. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

Pharmacies are listed alphabetically by city and by type of pharmacy. The types of pharmacies in this directory appear in this order:

- Mail Order Pharmacy
- Chain Pharmacies
- Retail Pharmacies, Including Chain Pharmacies
- Long-term Care Pharmacies
- Home Infusion Pharmacies
- Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) Pharmacies
- Specialty Pharmacies

Under each listing, we also list additional pharmacy features. These features are identified on each page with the following key:

- **90** = 90-day supply. These are pharmacies that offer an extended (90-day) supply of medications.
- **24HR** = Pharmacy is open 24-hours.
- **eRX** = Pharmacy accepts electronic prescriptions from prescribers.

Mail Order Pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program.

If you have used mail order services with your current plan before, or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting us. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail order prescriptions, please contact us 10 to 20 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescriptions within 7-10 business days from the time the mail order pharmacy receives the order. If you do not receive your prescriptions within this time, please contact the numbers below (TTY users: 711), 24 hours a day, seven days a week, or visit the pharmacy website.
