

BlueCross BlueShield
of North Carolina

MEDICARE

Blue Cross® and Blue Shield® of North Carolina (Blue Cross NC) | Healthy Blue + MedicareSM (HMO-POS D-SNP)

Expanded Specialty Pharmacy Precertification List

Effective for dates of service on and after **November 1, 2025**, the specialty Medicare Part B drugs listed in the table below will be included in our precertification review process.

HCPCS or CPT® Codes	Medicare Part B Drugs
J3590	Bomyntra (denosumab-bnht)
J3590	Conexence (denosumab-bnht)
C9399, J3590	Imaavy (nipocalimab)
C9399, J9999	Jobevne (bevacizumab-nwgd)
C9399, J3590	Omlyclo (omalizumab-igec)
C9399, J3490	Qfitlia (fitusiran)
J7356	Vyalev (foscarbidopa/foslevodopa)

Federal and state law, as well as state contract language and CMS guidelines, including definitions and specific contract provisions/exclusions, take precedence over these precertification rules and must be considered first when determining coverage. Noncompliance with new requirements may result in non-reimbursement of claims.

Step Therapy

Effective for dates of service on or after **November 1, 2025**, the following Part B medications from the current Clinical Criteria Guidelines will be included in our medical step therapy precertification review process. Step therapy review will apply upon precertification initiation, in addition to the current medical necessity review (as is current procedure). Step therapy will not apply for members who are actively receiving the medication listed below.

Clinical Criteria Guidelines are publicly available on the provider website. Visit the [Clinical Criteria page](#) to search for specific criteria.
